

## DECEMBER 4<sup>TH</sup> & 5<sup>TH</sup> 2014 PHABC CONFERENCE

### “Shared Prosperity for Health and Well-Being: A Collaborative Dialogue between Business and Public Health”

This year’s conference will explore how Public Health and the Business Sector can work together toward creating the conditions for health and well-being for all.

A forum for deliberative dialogue and the respectful exchange of ideas, in order to build mutual understanding between the public health community and the business community about the challenges facing a shared prosperity agenda as a basis for concerted action to improve health equity and a vibrant, sustainable economy.

#### Pre-Conference workshop - December 3, 2014 (8:30-4:30).

“Walking the talk: place, public health, resource use and climate change”.  
Hosted by the Canadian Community of Practice in Ecosystem Approaches to Health, Western Node Lead

Focusing at the interface of public health, natural resource development and climate change, exploring how core public health competencies, can be enhanced through integrative approaches such as ecosystem approaches to health and intersectoral dialogue that spans concerns around public health, equity, and ecologically sustainable development.

**Registration is NOW open at [www.phabc.org](http://www.phabc.org)**

*More information about speakers, sessions and program coming soon, stay tuned!*

**To educate the PH community in BC about the importance of working with the business community to promote health**

**To develop public health competencies in working intersectorally with the business sector.**

**To contribute to the emerging dialogue about the importance of shared prosperity**

**To provide a forum for respectful dialogue about the more controversial recommendations for addressing health and social inequities and climate change**

**To provide opportunities for establishing networks, linkages, and partnerships between the two sectors**
